How Do I Join Up?

Simply follow the steps below

1. Complete the Application form, tear off and let the Receptionist have it.
2. Sign a Direct Debit Mandate for the monthly payments (you can get one from any of our surgeries).

That is all there is to it. You will then receive by post:

- A Welcome Pack with full details of the Plan.
- A letter of welcome to confirm the date at which the first payment will be taken by Direct Debit. (Please note we can only take payments on the last day of the month).
- A Treatment Plan personalised for your pet—this will tell you when to give the various treatments

Please note: You may opt out of the Plan within ten days of receipt of the Welcome Pack. After that, there may be costs payable.

Healthy Dog Plan

We are all aware of the advantages of looking after our own health in order to lead longer and more active lives. The same is true for your pet, but the difference is that they rely on YOU to look after them.

We are all bombarded with information as to what we should or should not be doing for our pets, and our clients often ask us for advice on what is really necessary and which are the best products. That is why we have devised our "Healthy Pet Plans". They use products which we guarantee are effective, and we can also offer you advice on how often to use them for your pet.

And to make it easier for you to budget, you pay by monthly Direct Debit instalments spread out over the year.

Please be aware that this is primarily a preventative plan . While we do give a 10% discount on consultations, there is no reduction on medications, surgery, hospitalisation or laboratory tests. We recommend Pet Insurance to cover these costs

- ANNUAL VACCINATION
